Name: Baker's Coop(artive)
Description: People would provide ingredients or food based
 on their love and expertise in a food category. Each provider would
 need to be small, independent and not a part of a large food distributor.
 Providers would be home bakers and not a commercial kitchen.
 Can include people who provide ingredients in addition to fully baked products

Core: Complex, Reason for Being
* Match the requests with the baker (core)
* Match to your specific locality, i.e. where I live (core)
* Storefront (core)
* Availability
* Specialization: Gluten Free, Low Carb...
